An act to add Article 4 (commencing with Section 55650) to Chapter 4 of Part 2 of Division 2 of Title 5 of the Government Code, and to amend Section 17041.5 of, and to add Section 99.3 to, the Revenue and Taxation Code, relating to local government.

LEGISLATIVE COUNSEL'S DIGEST

AB 1690, as amended, Leno. Fire protection finance agencies.

Under existing law, local fire protection services may be provided by, among other entities, a fire protection district, which may comprise territory including cities or counties, by a fire department or company organized in an unincorporated town, or by a fire department established by a city or county.

This bill would authorize any city, county, or city and county to form a ~~fire protection~~ *public safety* finance agency for the purposes of supplementing fire protection *or police or sheriff* services, and financing needed capital improvements for its fire *or police or sheriff's* department or for any other public agency that provides fire protection *or police or sheriff* services within its boundaries.

Existing law provides that, with the exception of a business license tax, a city, county, city and county, or any other local entity may not impose or collect a local income tax.

This bill would authorize any city, county, or city and county that forms a ~~fire-protection~~ *public safety* finance agency to levy a local general income tax, if that tax is approved by a majority of the voters voting on that tax.

This bill would also require, in the case of a local government that has both formed a ~~fire-protection~~ *public safety* finance agency and adopted a local income tax, that property tax revenue be annually assigned to the ~~fire-protection~~ *public safety* finance agency, from the forming local government, in an amount that is equal to ~~30%~~ 50% of the amount of revenues estimated to be collected from the local income tax in the first 12 months of imposition. *This bill would also require the governing board of a public safety finance agency to annually allocate these revenues according to a specified formula. By imposing new revenue allocation duties upon local officials, this bill would impose a state-mandated local program.*

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: ~~no~~ yes.

The people of the State of California do enact as follows:

- 1 SECTION 1. Article 4 (commencing with Section 55650) is
- 2 added to Chapter 4 of Part 2 of Division 2 of Title 5 of the
- 3 Government Code, to read:
- 4
